## Incumbent Aldermen Seek Dec. Re-election

All three of White Rock's incumbent aldermen indicated this week they will seek re-election at the December polls.

Ald. Lilian Browne, Ald. Max Zack and Ald. William Offer, who complete their one year term on city council in December, have announced they will protect their seats in the civic election.

No other taxpayers have yet filed nomination papers for the aldermanic race. The deadline for filing papers is 12 noon on December 1.

Ald. Browne anticipates a year of accomplishment in 1959. She feels that serving on the council is a very broadening experience and affords one with a fine opportunity to appreciate what is involved in the administration of a city.

Ald. Zack reports he will push for reclassification of the loop from King George Highway, through Crescent, Ocean Park, Marine Drive, Washington Avenue and Campbell River road from a secondary highway to a provincial highway.

Ald. Zack pointed out that reclassification of this loop would mean the provincial government would pay 100 percent of all maintenance costs. The government pays only 50 percent of maintenance costs of a secondary highway.

The alderman said he will also seek government aid for White Rock's beaches. He feels that the city alone can never hope to provide facilities for the thousands who come here every summer.

Zack feels the construction of large buildings, such as apartments, are imperative to the city's economy.

"We cannot spread out because of our restricted area, therefore we must go up," he said.

Ald. Offer hopes to see the end of the boardwalk which fronts one portion of Washington Avenue.

He said he has watched the boardwalk for the past 25 years, and while on the Provisional Council saw \$1000 voted for repairs. He reports general maintenance reaches \$900 annually.

Ald. Offer would like to see a concrete walk installed along the Bailey Bridge idea which would last 50 to 60 years and would cost the city only about twice the cost of the boardwalk.

Offer feels land reclamation carried out on an efficient basis will aid the city.

Mayor William Hodgson and Ald. Jessie Lee, Sid Pennell and Alex Mitchell still have one more year before their term of office is completed.

### Baseball Assoc. meeting Tues.

A meeting of White Rock Boys' Baseball Association has been called for Tuesday at 8 p.m. at the home of Harry Davey, 831 Kent Street, in order that the books may be closed.

## Mart Kenney band to appear here on Oct. 23

Mart Kenney and his Western Gentlemen, Canada's No. 1 dance band, will perform at the Panda Supper Club, White Rock, on Thursday, Oct. 23.

This event, sponsored jointly by White Rock Centennial Committee and the local Lions Club, will mark the end of planned Centennial activities for this city. See page nine for a message to the people of White Rock from Centennial Committee Chairman, Wilf Hurd.

### Browne wants lighting plan

An overall lighting plan, drawn up in the same fashion of a road plan for White Rock, was advocated by Alderman Lilian Browne, Tuesday night.

She pointed out that White Rock's lighting system was antiquated and many sections suffered from poor and improper lighting and steps should be taken now to draw up plans for future improvement.

Cost of improving White Rock's lighting which amounts to \$8,000 annually now, did not daunt Mrs. Browne, in spite of fellow aldermen referring to prohibitive costs. She said that just as a road plan is necessary, so should be a lighting plan, "where we can anticipate some form of modernization of lighting within the city."

Council agreed to request the B.C. Electric to prepare a plan to bring the city's lighting up to standard.

The evening of top-flight entertainment will include such well-known performers as Norma Locke, Elaine Bishenden and the Kimberleys.

Norma Locke, the band's vocalist, is Mrs. Mart Kenney in private life. Her full, sweet voice and attractive personality are well-known to radio audiences.

Elaine Bishenden will appear with the orchestra as a dancer and featured piano soloist playing popular numbers. Miss Bishenden was Canada's entry in the 1956 Miss Universe contest at Las Vegas and runner-up in the 1957 contest. She is the North American Champion Highland dancer.

The Kimberleys - Dick and Sheila - are a "show in themselves," acclaimed as one of the most versatile and entertaining acts in show business today. The Kimberleys specialize in songs with piano, impressions, comedy routines and instrumental.

Mart Kenney and his Western Gentlemen will have visited 60 communities in B.C. during the 10-week Centennial tour winds up.

Kenney started leading his (See MART KENNEY, Page 7)

### Lions clear \$850 on calendar project

The Lions is not only the largest, but also the fastest organization there is. District Governor Lewis Valentine told White Rock Lions Club Monday night.

The organization now consists of over 500,000 members with 13,000 clubs in 91 countries, he said.

Mr. Valentine stressed the International goodwill of Lionism and the local service of Lions.

White Rock Lions wish to thank the citizens of this community for giving such excellent support to the Club's recent calendar campaign. The group made over \$850 on this project.

The Lions are now busy selling tickets for the Mart Kenney performance. Tickets may be obtained from any Lions member.

### Windows broken at Rose Jar

Two plate glass windows valued at about \$150 were smashed at the Rose Jar, Washington Ave., about 10:30 p.m. Saturday night.

Reg. Hanslow, proprietor of the store, said he was out of town at the time but his wife heard the windows being smashed from her apartment above.

She rushed downstairs and found that two windows, one valued at about \$80 and the second at \$70 were broken. Several pieces of valuable china in the display window were smashed but nothing had been taken.

A lady living in a nearby apartment reported seeing a car and truck pull away from the premises seconds after the windows were broken. RCMP are investigating.

### Council differs on city economy

Opinions differed in methods of economy of the city at the Works Committee meeting Tuesday night.

Discussion arose from the need of painting white lines on city streets as an accident deterrent during fog.

Bob Howse, Works Superintendent, pointed out that approximately six miles of paving should be painted with Surprey agreeing to do the job for White Rock at a cost of \$500, or roughly \$90 a mile.

A machine to do the job would cost the city \$830 and some members felt such an investment wise, in view of the fact the work would have to be done annually.

Alderman Jessie Lee strongly opposed such expenditure, pointing out that it was not in this year's budget and it should not come out of arbitration funds. She felt such funds should be kept for the erection of a city hall.

She proposed that the Provincial government be asked to give an estimate for the job in view of the fact their school was in the area just now painting white lines on King George Highway.

Motion was also made to call for tenders on a line painting machine rather than accept the price of the one machine recommended.

### WRASA stage sale; pay tank deficit

White Rock Amateur Swimming Club is staging a doughnut sale Saturday, October 25, in an attempt to wipe out a \$100 deficit on repairs to the tank realized last summer.

The club was able to meet more than \$1,000 of the \$1200 repairs necessitated at the tank as well as pay their coaches and maintenance expenses. This small remaining amount can be met with the assistance of the public, they believe.

Residents wishing to purchase doughnuts are asked to order them not later than Monday, October 20. This can be done by telephoning Mrs. L. Pravit, WI. 8-9006 or Mrs. L. K. Sully, WI. 8-0087. Delivery will be made on all orders.

In addition swimming club members will be engaged in selling doughnuts, door to door on Saturday, October 25.

### Color Photog program on Friday, Oct. 10

White Rock Color Photography Club will hold a regular meeting on Friday, Oct. 10, at 8 p.m. in the Library.

Program will include: (1) Instructional set entitled "Telling is Fun" (2) Members' ten minutes by Bill Pearson and (3) submitting of five slides per member for the 1958 ninth CPAC Interbranch competition.

CBC COVERAGE of community affairs was highlighted last week at the annual convention of the B.C. Division Canadian Weekly Newspapers Association, when Jack Webster interviewed new president Arvid W. Lundell of the Revelstoke Review, and past president Eric Dunning of the Haney Gazette. CBC broadcasts from the convention were carried on the regional and national networks.

## Curling Club folds; club, management fail to agree

Curling activity came to an abrupt end in White Rock Wednesday night after local Club members and Silver Moon proprietor Len Long failed to reach an agreement on fees for the coming season.

Some 65 curlers and supporters, the largest number ever to attend a general meeting of the club, turned out at the Silver Moon in the hope that a satisfactory agreement would lead to a third year of curling in this city.

Mr. Long told the group that for last season totalled \$4,498, with ice fees amounting to \$3,932; counter accounts \$231; rent \$30; prizes \$21.89; B.C. affiliation \$5; and sundries \$79.01 for a total of \$4,488.90.

He reported the club showed a profit of \$810 last year and had a bank balance to date of \$435.56.

Curlers agreed to elect a new executive that would meet with Mr. Long and attempt to find a suitable solution to the problem.

Les McQuistin was named president; Walter Stapleton, vice-president; Janet Wilson, secretary; Major W. L. Hough, treasurer; Dr. Al Hogg, Hal Sinclair, Bill Simpson, George Stanworth and June Rush, supporting executive; and Howard Kennett and Henry Black, draw committee.

After lengthy discussion the executive agreed to meet with Mr. Long immediately and bring back their recommendations to the general body.

The officers returned to the meeting one hour later and presented the following two alternatives to the meeting:

(1) That a membership fee of \$60 be set and that the club guarantee a minimum of 144 members for 4 1/2 months of curling.

(2) That the Curling Club take over the operation, maintenance and preparation of the rink, including the concession, for a five-month period at a cost of \$10,500.

The general meeting unanimously rejected both proposals.

One member pointed out the club paid a membership fee of only \$35 last year and could curl at the Cloverdale rink two (See CURLING CLUB, Page 7)

## Peace Portal builds heated outdoor pool

Peace Portal Motel is building a heated outdoor swimming pool on its property at 2010 King George Highway.

The pool will be 20 feet by 40 feet and will have steel, reinforced concrete, depth of 2 1/2 to 8 1/2 feet. It will have a diving board on the deeper end.

Gonite is being thrown on the earth siding of the pool this week and is being sprayed right into the earth. Drain pipes have already been installed and the pouring of concrete will be underway by the week end.

The pool will be in operation by the end of this month and Len and Dot Johnson, proprietors, will hold an open house day on a date to be announced later.

Mr. and Mrs. Johnson, who purchased the Peace Portal Motel and store 18 months ago, come from Burnaby. They feel there is need for an outdoor pool in this vicinity and point out this is the first to be built in the Lower Mainland.

Heated dressing rooms will be close at hand and the water in the pool will be circulated and maintained at a temperature ranging from 68 to 70 degrees. It will be frequently drained and flushed.

The pool will consist of a scum gutter and will be on a continual water flow. The entire water supply will be automatic.

ally replaced every eight hours. The pool is being installed by Blue Lagoon Pools Ltd. of Vancouver, a subsidiary of Fred Welsh Ltd.

Mr. Johnson feels this feature will be an attraction to the area and give further enterprises the initiative to open here. It will definitely be good for tourist trade, Mr. Johnson said.

It could possibly be used by White Rock Amateur Swimming Association during the winter months. The proprietor announced he will cater to organizations and clubs.

### 18 building permits issued during Sept.

Eighteen building permits were issued in White Rock during the month of September representing an estimated construction value of \$59,920.00. Trade licenses amounted to \$604.50; dog licenses, \$3. 10 plumbing permits were issued; 6 septic tanks and 5 miscellaneous.

Some 123 building inspections were carried out; 6 electrical inspections; 68 plumbing and 5 miscellaneous. R. E. Howse, local assistant Fire Marshall, reports 16 oil burner installations were inspected during the month of September and 1 public building inspected.

## 350 Teen Town members attend valley conference

Some 350 members of local and Fraser Valley Teen Town organizations met at the Silver Moon Hall last weekend for the Fraser Valley Conference, the first held in the last six years. Reg Davies, of White Rock, mayor of the Fraser Valley organization, expressed his sincere pleasure at the carrying out of the entire conference including the dance Saturday night. Len Long, Silver Moon proprietor, affirmed the dance was conducted very well.

The 70 delegates from Valley and interior points were billeted in White Rock homes, with an additional 30 homes offering their hospitality should it be required.

Registration took place Saturday from 1 to 9 p.m. followed by a dance in the Silver Moon Hall.

Business got underway at 11 a.m. Sunday morning followed by a luncheon in the banquet hall, convened by Sharon Fowell with female Teen Town members lending their assistance. The dinner was prepared by members assisted by their mothers.

The afternoon business session, chaired by Mayor Davies followed. The business session included the distribution of handbooks compiled earlier in the week by Mayor Davies assisted by Phil Ashton, provincial director, Ron Nordin, past provincial president of Teen Town and Dave Dewinter, newly elected White Rock mayor.

The constitution was drawn up based on the constitution of the Okanagan-Mainland Teen Town Association, with a few modifications and additions. A method of fund raising was discussed with members agreeing that proceeds from

one event staged in local area would go to the Fraser Valley Organization annually.

Bud Miller, Canadian director of the Arthur Murray Dance Studio, was on hand to instruct the members on leadership and offer a course in dancing to all executive members.

He also offered the banquet hall of his Vancouver studio for district meetings any Sunday desired.

### Oddfellows hold first card party

White Rock Lodge No. 70, L.O.O.F. held their first card party of the season after their regular meeting on Monday, October 6. Ladies first prize went to Mrs. W. Hansen, while gentlemen's first prize was won by Mr. Fred Carle. Consolation prizes were taken by Mrs. S. Peterson and Mr. M. Breimo. Lunch was served by the committee.

## Blow Outs take lead in Mud Bay league

by Stew Maxfield

The most pleasant thing to happen at the Idle Hour the past week was the offer of the Hilltop Taxi of two free taxi trips each week for the Old Age Pensioners. It is things like that that make life worth living, and our thanks to Jack Woods.

Ed Potter and his Blow Outs took top points again this week with a 2671 total, and now hold the lead in the Mud Bay League with 16 points. Jack Cosen's terrific 3 games gave the Blow Outs their chance when Jack came up with 3 lines of 185, 2773 and 245 for a total of 713 pins.

Hattie Hille of the Skeeters played her usual beautiful game with a high single of 209 and a high 3 of 525. Flo LeTroy walked off with high single of 217 and three of 514 for the ladies in the SOS League while Jack Robertson took men's high single with a lovely 292 and A. Page high three 660.

In the Men's Major, Coast Motors came up with a tidy 3024 for top points with Army and Navy chasing them all the way to end up with a 2961.

Bob Browne of Coast Motors took high single with a 299, while Bud Wallace of McAdams rolled his usual three nice lines for high three of 693. In the Eagles League the Wild Ducks 2nd game of 1046 put them on top with a total of 2828 pins.

Gerry Douglas of the Wild Ducks rolled 3 terrific games of 229, 203 and 278 for a total of 710 pins for single and high 3 while team mate Clare Breen rolled a 692 to keep him company.

Meanwhile Gerry's good wife Jean came up with a walloping 292 second game for high single. What a combination to beat! Mrs. Dresser of the Bell Ringers beat Jean out for high three by 5 pins with a total of 570 pins.

**B LEAGUE**  
In the men's "B" League, the Postals continue to forge ahead taking another 6 points again this week to tie Blue Bird Cafe for second place. This puts them 2 points behind League leading Newton Plaza. Staty Service is now in third spot with 10 points and are making a strong bid to take over the lead with the help of strong man Bill Johnson who took high high single and three this week with a single of 291 and a total of 664.

In the 10 Pin League, the 9 Pins took top points this week with the help of Vi McLaren's high single of 172 and high three of 418 to give them a total of 18 points, and to put them within striking distance of League Leading Sunnyside Home Service who hold 21.

Sunnyside's sponsor, Len Hamsch, is the Big Stick to break in that combination as he comes back again this week

## OES plans fall bazaar in Nov.

Mrs. Alex McDonald, Past Grand Matron, will officially open the annual fall bazaar of the White Rock Chapter of the Eastern Star to be held in the Silver Moon Hall, Saturday, November 1 from 2 to 4:30 p.m. General convenors are Mrs. Pete Ballard and Mrs. Florence Poppo.

Mrs. Earl Sarge, Grand representative, Mrs. H. Varney, Worthy Matron and Mrs. Eloise Bennet, Associate Matron will receive the guests at the door.

The Sewing and Novelties stall will be convened by Mrs. Walter Calderbank, Mrs. F. Poppo, Mrs. Esther Hugh and Mrs. Ina Osmond.

A home cooking stall will also be featured and a grand draw will take place featuring a home made Indian sweater, Christmas cake and tea set.

Emphasis will be on providing the guests at the door with attractive Christmas gifts at reasonable prices.

Recuperating at his home in Sunnyside after a two-month stay at Shaughnessy Hospital is Melvin Arthur. He's many friends wish him the best in health.

## Y.P.U. to host fall conference on Nov. 15

A good beginning has been made with the young peoples program at First United in White Rock and some 37 teen agers have joined the newly formed Y.P.U. under the leadership of the Minister, Rev. Alfred R. Laing.

Badminton is now held each Tuesday evening from 7:30 p.m. and other games and projects are planned for these club nights.

Four committees have been planned and each member has been appointed to one of them so that all the young folk will have an opportunity of developing the club.

Their first big project will be to act as the host club to the Fall Conference of the Westminster Presbytery Young Peoples Union. This will be held in November 15.

The group also meets on Sundays at 9:30 a.m. in the Parlor when they are taking a series of subjects covering special areas of interest for youth.

This week the subject is "Home is what you make it" when they will discuss problems about relationships at home. The parents point of view will not be left out as several will be interviewed at home, and their comments recorded on a tape-recorder to help with the discussion.

Among the younger age groups the Mission Band has commenced and now holds its meetings for youngsters between the ages of 6 and 8 just after school on Monday afternoons.

Mrs. H. Campbell is in charge of this group, and an invitation is extended to all parents of these younger people to attend this interesting group.

The Explorers for Girls now

meets on Thursday after school at 2:15 p.m. Some 17 have already joined and this has a mother and daughter team in leadership with Mrs. A. R. and Rosemary Laing in charge. New members are welcome to join.

The C.G.I.T. has commenced its program, and meets on Thursday at 7:0 p.m. in the hall. Leaders are Mrs. R. Coburn and Miss Mary-Lou Whitelock.

## Thanksgiving, 1958

Thanksgiving - a time for family unity, a time to pause in our daily lives and give thought to our blessings, a time when all Christians rally to thank God for His care and guidance during the year.

Thanksgiving Day had its origin in 1621 when, in the Plymouth Pilgrim colony, the Governor proclaimed a day of thanks giving. It was to commemorate the harvest which had been reaped after a winter of great starvation and privation. Four wild turkeys were caught and roasted. The whole community assembled, together with many Indians of the district, to share the feast and thank God for the blessings He had bestowed upon them. For many years the feast was held among local groups not on any predetermined day, except that it followed the harvest.

This year Thanksgiving Day will be celebrated on Monday, October 13, and once again we on this continent will look back on our own lives during 1958 and decide what we have to be thankful for.

Has the past year of unemployment, strikes and world tensions had an effect upon your life? Has ill health or family sorrow touched upon your family? Consider your life, consider your adversities, consider your troubles and then - consider your blessings. Look to the Source of those blessings. This year, this weekend, make yours a true Thanksgiving.

Your thanks has the same meaning in the hustle and bustle of 1958 as it had on the golden Fall Day in 1621 when that group of pilgrims gathered to express this thought:

Now thank we all our God,  
With heart, and hands, and voices,  
Who wondrous things hath done,  
In whom His world rejoices;  
Whom from our mother's arms  
Hath blessed us on our way  
With countless gifts of love,  
And still is ours today.

## We're Slipping Sports-wise

A meeting between White Rock Curling Club and Len Long, proprietor of the Silver Moon last week resulted in the decision that there would be no curling in White Rock this year. The Club and the management failed to reach an agreement on fees for the season.

Last week we carried an editorial deploring the fact that Little League could fold up due to lack of parental support. Later the same week we learn that White Rock has entered only one team in the Lower Fraser Valley Soccer Association this season. The 10-12 division is again back in action thanks to a few hard-working men but there is no 15-17 group mainly because there is no sponsor and therefore no uniforms or equipment.

White Rock does not have one developed park and as yet City Council has shown no indication that it intends to take action in this matter. Nor has Council shown any interest in appointing a Recreation Commission here, and White Rock Amateur Athletic Association has no funds to aid any amateur sports group because it too failed to receive the support of the public. Sportwise, White Rock, you're in one hell of a state.

But, just as White Rock Players Club wins Dominion Festivals without adequate theatre facilities, so do White Rock's athletes and teams do well in their respective competitions. We have the B.C. Juvenile girls softball champions and the holder of a Canadian field record in our midst.

Whether White Rock will snap out of this negative attitude towards amateur sport depends upon civic authorities, organizations, and individuals. But if they intend to remedy the situation, they had better start soon.

It is unfortunate that after two years curling must come to an end here. Let everyone get behind Len Long, and support his efforts to give the young people roller skating this winter. Skating will provide healthy recreation for the youngsters and show that another person has joined the small and over-worked group who are striving to keep amateur sport alive in this city.

\* \* \*

## Fire Prevention

A sorry story of needless fire waste in Canada is told by the figures for Fire Prevention Week, October 5-11. Both in life and property, the national loss has reached an all-time high. No European nation even remotely approaches us, per head of population, in our evident consuming desire to burn up ourselves and our possessions. Ours is indeed a shameful record and totally lacking in pride to enlightened citizenship.

What really hurts (but can prove our salvation in the long run) is the realization that most of the fires are caused by human carelessness. Now that we are face to face with the matter, surely we can hope to do something about it. Legislation is certainly not the answer. Education in individual responsibility, as the fire services point out, offers real and tangible benefit.

Let's get rid of the notion implied by the figures that we're living an easy come, easy go way of life. This country didn't come to greatness on such apathetic thinking.

Let's throw out trash, from our attics and in our thinking and habits of fire.

Don't give a fire a place to start.

YOU CAN SAY THAT AGAIN!

## A Message from CARS

So you think you won't suffer from one of the 57 varieties of arthritis or rheumatic diseases. How misinformed can you be? Ninety-nine people of every hundred will suffer from one of these varieties during their lifetime.

Education is a wonderful thing - and it is being provided at a Forum, sponsored by the New Westminster Medical Association and the Canadian Arthritis & Rheumatism Society, to be held Thursday, Oct. 23 at 8 p.m. in the Auditorium of the Canadian Legion, 41 Alexander Street, New Westminster.

You owe it to yourself, your family, your friends and neighbors to attend that meeting. As a contributor to the United Good Neighbor Fund you are doubtless interested in this one

of the many services.

This Forum has the unqualified support of The British Columbian, the management of which has wholeheartedly endorsed it as an unusual opportunity for their readers and all others in the area.

The moderator of the panel for the Forum will be Dr. Harold Robinson, chairman of the Medical Advisory Board, B.C. Division of CARS. Panel members are Dr. J. B. Goffin, Dr. Cecil Robinson, Dr. J. B. Fenwick, all members of the Advisory Board.

Take advantage of the question box soon to appear in the British Columbian and mail your questions in. Further questions will be welcomed from the floor. Come and hear the answers to many questions that have puzzled us all.

## Bank of Commerce looks at world trade

The increase in world trade since 1950 has been accompanied by steady progress towards multilateral trade, in which one country balances a deficit with a second by a surplus with a third, states the Commercial Letter of The Canadian Bank of Commerce.

This trend, on which the great world trading system of the 19th century was built, has been accelerated by the increasing use of international credit to supplement the supply of gold available to finance international trade.

Without such credit, the post-war years could have witnessed a return to conditions of the 1930's. In a survey of world trade, the Letter traces the close connection between free multilateral trade, convertibility of currencies and an individual country's balance of payments.

Multilateral trade was possible because there was a universally acceptable medium of exchange, first in the form of gold and later in the form of credit or investment backed with gold.

Expansion was, however, more difficult during periods when the volume of trade was growing more rapidly than the supply of the necessary medium of exchange.

During the years between the wars a return to the pattern of multilateral trade was achieved largely due to the flow of credit from the U.S. which helped to offset the withdrawal of gold from circulation that characterized the desire of most countries to return to the domestic gold standard. The collapse of international credit at the end of the 1920's was one factor in the collapse of world trade.

The pattern in the 30's was

## LETTER TO EDITOR

### Defeat muscular dystrophy

Editor, White Rock Sun.

I've chosen the Thanksgiving season to bring your attention to a matter for which so far we cannot give thanks; namely, the defeat of muscular dystrophy.

We estimate about 10,000 Canadians, mostly children, are suffering from this progressive and crippling disease of the muscles. Few of the child victims will live beyond adolescence. So far there is no known cure.

Our figure of 10,000 is merely an estimate because many parents aren't aware that their children have MD.

These people should know that an association exists in Canada whose function is to help them to find out if they have a victim of MD in the family, and to assist them in every way until a cure is found. This body of whom I am honorary chairman, is the Muscular Dystrophy Association of Canada. They are spending thousands each year on research to find a cure.

By publishing this letter and encouraging your readers to let us know of cases in their families, their circle of friends, or their practices, you will be making a much needed contribution to the work already in progress aimed at defeating this disease.

The Muscular Dystrophy Association of Canada, with its head office at 137 Wellington Street West, Toronto, has local chapters and committees across the country. In British Columbia, information will be gratefully received by Mr. Ernest Swan, President of the British Columbia Chapter, P.O. Box 760, Postal Station "A", Vancouver.

Yours sincerely,  
Gus Ryder,  
Honorary Chairman.

## Youth Society hosts rock and roll dance

North Surrey and Langley branches of the Canadian Youth Society will host a rock 'n' roll dance on Friday, Oct. 10 at Horth Road Community Hall near Whalley. The dance will get underway at 9 p.m.

Music will be provided by the famous Palladium 24-piece orchestra and proceeds will go to charity and youth activities. There are some 300 members in these two branches.

If you have great talents, industry will improve them; if but moderate abilities, industry will supply their deficiencies.

Samuel Smiles

## Say yes, not maybe or might

A report is always welcome when its bright instead of dark. Permits for buildings, passed the million dollar mark. And that for only eight months, and we still have four to go. This is really something every taxpayer should know. Almost two hundred permits for buildings, holy smoke. That surely puts the kibosh, on talk about going broke. New residential homes in eight months, ninety-two. We sure welcome more residents, most certainly we do. This wonderful expansion, should cause us to take heart. And think of things in which all could take a modest part. Look at your splendid Hospital, it shows what you can do. Being community spirited and co-operative too. Yet there is much more to do, our City's future's bright. So when asked to help say YES, not just maybe or might.

W. F. MCCLINTOCK

#### Card of Thanks

Mrs. Honeysett and family wish  
to thank Dr. Middleton, Dr.  
Blades, nurse, and staff of  
White Rock Hospital for their  
kindness during her husband's  
last sickness before his passing  
on.

Mrs. H. Honeysett,  
Crescent Beach. 41c

Mrs. J. A. (Gus) Sullivan and  
family wish to extend their  
sincere appreciation to their  
many friends and neighbors for  
their kind expressions of sym-  
pathy during their recent bereavement  
in the loss of a beloved  
husband and father. Our  
grateful thanks to Dr. Hogg and  
Dr. Keyes, the matron and staff  
and special nurses at White  
Rock District Hospital for their  
many kindnesses, and especially  
to the Worthy Master and mem-  
bers of Joopa Lodge No. 112,  
A.F. & A.M., and to the Rev.  
A. R. Laing for his understand-  
ing and comforting words. 41c

Mrs. W. H. Buergel wishes to  
thank the friends and neigh-  
bors for their kindness and  
sympathy during the illness  
and loss of my dear husband.  
Also to Dr. Waterman, nurses  
and staff for the care given to  
him while at the district hospital, &  
special thanks to Rev. A. R.  
Laing for his help and comfort-  
ing words. 41c

## CURLING CLUB

(Continued from Page 1)

nights per week this year for \$35.

Mr. Long pointed out that the Cloverdale rink had been losing money every season and Surrey Municipality had been subsidizing this rink. "If the rink does not show a profit this year, it will probably be closed next year," he said.

Long later told the Sun that he would be willing to accept \$40 membership fee if the Club could guarantee enough curlers to make the season a profitable one.

Mr. McQuistin said that Mr. Long had made "a valiant effort to get curling here" and suggested that as the Club was a non-profit organization the bank balance of \$433.56 be turned over to the Silver Moon proprietor.

Several members felt the money should be kept in the club treasury in the hope curling will be started here in future seasons.

Mr. Long said he would not accept the club money and suggested that if they wished to aid a worthwhile campaign, they give their profits to the United Good Neighbors Fund. He said he liked children and will therefore have roller skating at the rink this season.

## MART KENNEY

(Continued from Page 1)

own band at the age of 20 and since then the "most travelled Canadian orchestra" has managed to cover roughly 200,000 miles of Canadian territory in repeated coast-to-coast musical tours and side trips.

Starting in the early thirties, Mart Kenney and his band first built up a solid reputation on this coast as "Western Canada's Finest," later moving East to establish themselves in Toronto where they rapidly rose to top billing as "Canada's Number One Dance Band," and proceeded to stay right out in front.

The Kenney reputation is founded on the following records:

- Instrumental in making Borden's "Canadian Cavalcade" become top Canadian night-night-time musical show.
- Played six seasons at Toronto's Royal York, largest hotel in the British Empire.
- Only Canadian band consistently featured on Victor Records.
- Won the Beaver Award for his contribution to radio in the popular music field.
- Used exclusively in the Coca Cola Victory Parade.
- Broadcast the "Sweet and Low" series heard every Sunday night from coast-to-coast for several years.

Kenney himself explains his success this way. "There are two sides to Tin Pan Alley - swing and sweet. I'm chiefly concerned with trying to avoid either extreme, I try to serve out old songs and new in a way that will have equal appeal for all members of the average family."

Another secret of Kenney's steady popularity in this highly competitive entertainment era might well be his insistence from the start on playing distinctive Canadian arrangements in a field largely dominated by U.S. trends.

Mart Kenney is a busy man. He is a maestro who not only conducts, but also arranges, sings, plays saxophone, clarinet and flute. (Incidentally, the versatility of his musicians, too, is a Kenney trademark); he is a business man who operates a flourishing ranch-style country club near Toronto, with accommodation for 1500 people to dance or sit; and he is an executive in charge of the largest booking office in Canada, providing clients across the country with orchestras and entertainment acts.

## CNR pensioners support chronic hospitals

A well-attended monthly meeting of the CNR Pensioners Association No. 8 was held in the Buena Vista Hall on October 1. A number of fellow pensioners from Vancouver were present.

A resolution from the Sunnyside Old Age Pensioners Association regarding the Provincial Government's and the Municipal Council's intention of establishing in the province hospitals for chronic cases was

strongly supported.

Retired CNR conductor Bradley, a member of the Federated Legislative Committee, Vancouver, gave a very convincing report on the question of hospitals for chronic cases.

The Rev. Dr. Sloan gave a most interesting address on early days in Vancouver and southern B.C. at which times he worked as a millhand and later became a Minister of the Church. He, having watched closely the tremendous progress made in B.C. and having studied figures bearing on the increase in population of B.C., forecasts that the wonderful Fraser Valley will, in the not too distant future, be taken over by industry. Homes that the present generation will live to see the day when the town of Hope will become part of the Metropolitan District of West Westminster and Vancouver.

A number of new members were welcomed and an excellent lunch was served by the W.A. The next meeting will be held at 2 p.m. Wednesday, November 5 when B.C. Electric films will be shown. A welcome is extended to all CNR Pensioners and their wives who live in White Rock and surrounding district.

Plan No. R5-1108 (copyright No. 117093)

### DESIGN FOR METROPOLITAN OR COUNTRY LIVING

... and drawn to conform to the N.H.A. small homes loan, here is a non-basement three bedroom house that features combination kitchen - utility room with plenty of room for dining. Inside storage adjacent to the bathroom for convenience, three bedrooms with lots of cupboard space, large living room with planter to create the effect on an entry hall - all these features add to the attractiveness of this house. Living room side of the house lends slightly to create an interesting

front appearance. Although this house is designed to fit on the smaller city lot, it would look just as well in the country. No carport or garage is shown, but could be added if desired. 1108 square feet, 41' frontage. Working drawings, drawn for N.H.A. approval, are available from the Building Centre (B.C.) Ltd., 116 East Broadway, Vancouver 10 (half a block west of Main Street.) NEW EDITION OF "SELECT HOME DESIGNS" plan book now available. Send 25c to cover cost of mailing and handling.

## Discrimination charges levied at city council

Charges of discrimination have been levied at City Council by Fred Gillespie, 15368 Victoria Avenue, following receipt of a letter from him instructing him to move his garage which is sitting on city property.

Dispute arose when the tax assessor assessed the property early in the spring, whereupon Mr. Gillespie pointed out that it was illegal for him to assess the garage in view of the fact it did not rest on Mr. Gillespie's property, but rather on the road allowance.

Mr. Gillespie's contention was reported to City Council whereupon he was instructed to remove the garage at his own expense.

Mr. Gillespie then appeared at Council and explained his view, pointing out that because he could not be legally assessed he was willing to pay an annual rental to the city for the land on which the garage rested.

On May 12 Council gave him notice that he had 30 days in which to move the garage, otherwise the city would remove it for him with the removal expenses charged to him. Since that time Mr. Gillespie was granted an additional 30 days.

On September 24 Mr. Gillespie received instructions from City Solicitor Galt Wilson.

### BIRTHS

Born to Mr. and Mrs. Benjamin Jones of 109 - 168 St., a daughter, September 22.

Born to Mr. and Mrs. Bernard J. Moore, of 2572 126 St., Crescent Beach, a son, Sept. 23.

Born to Mr. and Mrs. Lloyd L. Suderman of 16082 40 Ave., Cloverdale, a son, Sept. 26.

Born to Mr. and Mrs. Patrick J. Bradley of Harrison Lake, a son, Sept. 26.

Born to Mr. and Mrs. Floyd Franklin Favell of 15147 Washington Avenue, a son, Sept. 29.

Born to Mr. and Mrs. James Garneau of Maple Avenue, Crescent Beach, a son, Sept. 29.

Born to Mr. and Mrs. Steve J. Sviatko of 1483 Bergstrom Rd., a daughter, Sept. 30.

### Laid To Rest

MCDONNELL - October 1, 1958, Amy Rice McDonnell of 1264 - 129 B Street, Ocean Park, B.C. - formerly of Vancouver. Age 88 years. Funeral was held Friday, October 3 at 1:30 p.m. from Chapel Hill Funeral Parlor, Victoria Ave. and E. Street, White Rock. Rev. R. Hardy officiating, followed by cremation.

that he was being given seven days in which to remove the garage and if he failed to do so the city would remove it with charges laid to him.

Mr. Gillespie contends he never did make a formal complaint to Council, but merely pointed out the illegality of the assessing of the garage to the assessor. He feels he should have been invited to Council to talk the matter over with them.

Mr. Gillespie points out that there are 25 property owners in his area all with garages sitting on the road allowance. These have been informed by Council that when the road is to be widened they will be given notice to remove their garages. He contends he too should be given this consideration.

### Funeral held for J. A. Sullivan

Funeral services were held on Tuesday, October 7 in the White Rock United Church for the late James Augustus (Gus) Sullivan, under the auspices of Joppa Lodge No. 112, A.F. & A.M., Rev. A. R. Laing, officiating.

Surviving are his loving wife, one son, Kenneth A., of San Francisco, one daughter, Mrs. Arthur O. (Audrey) Fyle and one grandson, James Arthur Fyle, of Victoria; one brother, E. T. Sullivan, Seattle and one sister, Mrs. Marjorie Mitchell, La Jolla, California.

Mr. Sullivan was one of those pioneer residents of British Columbia who received a Scroll at the recent Pioneers' Banquet in White Rock, having lived in B.C. 74 years.

Born in London, Ontario, he came to British Columbia as an infant and settled in Victoria where he lived for many years, being married there in 1908.

He was well known in Vancouver, having resided there for 18 years before making his home in White Rock, and was also well acquainted along the Coast of B.C., serving with the CPB for 42 years on the B.C. Coast Service, travelling for many years to Skagway, Alaska. As a young man, Mr. Sullivan had spent some time in the Yukon.

A man of many hobbies, he took an active interest in community affairs and was a member of White Rock United Church, Joppa Lodge No. 112, A.F. & A.M. the St. Andrew's Caledonian Society, the White Rock Lawn Bowling Club and the CPN Pensioners Association.

### Sunnyside

Miss Elsie Gaetzke has been a patient in White Rock District Hospital but is now home again. Her school friends hope that she will continue on the road to complete recovery.

Little Debbie Lane of Vancouver is visiting her grandparents. Mr. and Mrs. J. Murray Sr. of Sunnyside. Both Mr. and Mrs. Murray have not been on well of late and their friends hope they will improve soon.

# Indian Summer

by Sylvia Walton

Let it be a morning in the time of Indian Summer — when the sun has a benevolence which belongs only to this season of the year, when painted leaves drift sleepily to the waiting earth, and there is a subtle tang in the air which lifts blood — let it be such a morning, and, like happy vagabonds, let us walk!

Shall it be westwards, following the enticing scallops of the bay? Let it be so, and let no thought of "World Affairs" darken the mind, let us be one with the beauty of the day!

Things of importance are shining pebbles, a pink veined shell, the endless gossip of waves and rocks, a brood of ducklings paddling in fanciful formation behind mother duck, and always, across the sunlit sea, the misty mountainous islands.

The beach is a tangle of rocks and strewn logs, bleached which and shining from the elements. We climb to the top, and walk the ties.

The train which comes shrieking around the bend has no power to disturb our tranquility, we step aside, and the quiet air closes in again and heals the breach as it were. Once more the only noises are sea and stones, birdsong and a small breeze amongst the dry autumn leaves.

We are in truth "lords of all we survey," for we are not bound to get anywhere by a certain time (indeed we don't know where we are heading for!) or to return by a set time. We do not carry a portable radio — perish the thought! — or even remember to look at our watches.

At last, beguiled by a little trail leading upwards through the bushes, we leave the ties. Here it is dim and green, the earth is damp and the air is rich with the wonderful smell of ancient rotting bark and leaves. The trail winds in a zigzag fashion up the cliff, and eventually we are at the tip. On tiptoe almost, for here is a world of utter quiet.

A house shuttered and asleep in the sun, a motionless garden, surely the realm of the Sleeping Beauty! A dreamlike atmosphere, no sound of sea, or shrieking gulls. We feel we have come a thousand miles, and maybe we have!

Isn't there a lovely old Chinese saying — "A journey of a thousand miles begins with one step."

**S-MILES OF TULIP BULBS** — If all the Tulip Bulbs, Dutch Tulip Queen, Miss "Leni" Quant, will present on her North American Tour were laid end-to-end, they would stretch for a solid six miles. Here "Leni" helps grade 1 pupils plant tulips in front of the D. Roy Kennedy school in Ottawa. The tulips were a gift of the Dutch Bulb Growers, to the children of Canada. Tulips have become very popular for school landscaping, because they bloom while the children are in school. During her Canadian educational and goodwill tour, Miss Quant presented thousands of choice tulips to school children, blind institutions, crippled children and as well to help beautify many city gardens.

Photo by MALAK, Ottawa.

## An open letter to our community citizens

On Thursday, October 23, an outstanding event will take place which will mark the close of our planned events for the Centennial Year in White Rock. This will be a visit from Mart Kenney and his famous orchestra.

As this date conflicts with the annual White Rock Lions Harvest Ball, your Centennial Committee and the Harvest Ball Committee decided to combine the two events and ensure that the people of this area would be provided with a night to remember.

From 9:00 p.m. to 10:45 p.m. Mr. Kenney and orchestra will give a concert of top flight entertainment which is described elsewhere in this paper. From 11:00 p.m. to 1:00 a.m. there will be dancing for those who wish. In this way we sincerely hope to bring to every age group a most enjoyable evening.

Admission has been kept as low as possible and any profit derived from this event will benefit this city directly and the peoples of this community generally.

For years the White Rock Lions have been respected for their splendid and generous contributions to the welfare of our community. Your attendance will help them to carry out their valuable work. It will also enable the Centennial Committee to finance the landscaping for our Health Centre to be built in White Rock. The remainder could well mean a first tangible step could be taken in planning a Community Center which this City so desperately needs.

This event will be held at the Panda Club next to the Park Theatre on Campbell River Road and as facilities make it imperative that attendance be limited, an advance sale of tickets will be made and the remainder for purchase at the door. Admission is \$2.50.

Tickets are obtainable from any member of the Lions Club and in the following locations:

WHITE ROCK PHARMACY, 15487 Washington Ave.  
PRESCRIPTION PHARMACY, 14935 Washington Ave.  
DR. D. A. CRAWFORD, Optometrist, 15229 Pacific Ave.  
MOSIER DRUGS, 1335 Johnston Road

Very sincerely yours,  
W. S. HURD,  
Chairman,  
White Rock  
Centennial Committee.

## W. C. Mainwaring retires from BCE

President A. E. Grauer of the B.C. Electric has announced the appointment of two company vice-presidents and the retirement of W. C. "Bill" Mainwaring, O.B.E., vice-president and assistant to the president.

The two executives promoted are: Jack H. Steede, chief engineer of the electrical division, who now takes charge of all BCE electric operations on the Mainland; and John J. Carson, director of industrial relations for the last two years.

Mr. Mainwaring has served the B.C. Electric for 26 years, and leaves a distinguished record behind him in sales, public relations, and employee relations. He is one of B.C.'s best-known businessmen and community leaders.

Mr. Grauer also named E. Douglas Sutcliffe to be general manager of Western Development and Power Ltd., a recently established subsidiary of the parent company, B.C. Power Corporation Ltd. Mr. Sutcliffe has been executive assistant to Mr. Mainwaring in his capacity as president of Western Development and Power Ltd. Mr. Grauer has taken over the presidency.

Mr. and Mrs. W. C. Mainwaring have lived at 2011 Ocean Park Road for several years.

## Fraser Valley Regional Library BOOK REVIEW

**"A SOLDIER WITH THE ARABS"**  
by Sir John Bagot Glubb  
John Bagot Glubb, Commander in Chief of the Arab Legion, and symbol of Arab power, mysterious, hated, dreaded Glubb Pasha for more than 30 years, the devoted champion of the people and kings of Trans-Jordan, now tells his story, and a stirring story it is. He spent the first 13 of his 36 years entirely with the Arabs, sometimes not speaking a word of English for weeks at a time.

He originally went to Iraq in 1920 as a regular officer of the British Army, but when he had spent five years with the Arabs, he decided to resign his commission and devote his life to the Arabs. In 1956 his dramatic and sudden dismissal from his post startled the world, and preceded by only a short time the Suez crisis. He tells how Trans-Jordan was unwillingly dragged into the tragic war with Israel.

**"SALT WATER FISHES FOR THE HOME AQUARIUM"**  
by Helen Simkatis  
How to set up the aquarium, what equipment is needed, how to select specimens for the tank and how to maintain a healthy environment for his fish, are all capably dealt with, by Mrs. Simkatis. She also advises the reader on each species of fish suitable for the home aquarium.

# Fire Prevention Week

## Nobody wins when it's fire

Fire, which directly and indirectly robs the national economy of upwards of a billion dollars annually, also exacts a staggering amount in the cost of protective services for citizens.

Estimated annual cost of municipal and provincial fire fighting operations — \$50 millions. The capital cost of their equipment, buildings, etc., is of the order of \$250 millions.

Also to be reckoned is the cost of fire insurance. In 1957 Canadians paid out \$169 millions for insured protection. They got back \$129 millions for their losses. These losses far exceeded the cash recovered. Provincial and federal property losses alone accounted for \$137.4 millions. Additionally there were untold numbers of petty or so-called "scorch" and other uninsured, unreported losses.

Nobody wins by fire.

Our humanity were a poor thing but for the divinity that stirs within us.

— Francis Bacon

## Some simple tips for preventing those fires

Hold an unlit match level with, and an inch away from a candle flame. The match doesn't light. But hold the same match four inches directly above the candle flame and the match ignites.

Heat rises. And so do the deadly combustion gases. Now you know why one of the fire fighter's first jobs at a burning building is to chop a hole in the roof. It's to let the superheated gases out. These gases explain why three-quarters of dwelling fire victims die upstairs from downstairs fires, most of them untouched by flame. One lungful probably was enough to knock them out.

But suppose it was you who awakened provisionally to the first smell of smoke. Knowing the danger of fumes through an open door, you slept behind a closed bedroom door. Now, you don't panic. You feel the door, it's hot. To check, you brace yourself and slightly open it.

There's no doubt about the searing draft. If others are in the house, you shout warning: don't open doors and get to windows. Having used your head to this point, you stand a chance of living yourself to assist in rescues from other windows.

Forget belongings, clothes — your sure survival rests on getting away from those murderous gases. Once out of the burning building, stay out. And what of the safety of your loved ones?

The time to think of them is right now.

Talk over with them now what each should do in the awful moment of fire.

Remember: HOT GASES, HOT DOOR, ESCAPE.

It has perhaps taken two minutes to read this short article. Read it once more. Total time, four minutes.

It takes only about four minutes for a small fire to become a big one. Those four minutes are your margin of escape.

And if no one ever gives it a chance to start in the first place, you're splendidly home free of fire.

### Figures show death pattern

The death of children and women by fire in Canada each year follows a strikingly similar pattern, as shown by these classifications reported for the last three years:

	1957	1956	1955
Children	257	233	247
Women	133	130	128
Men	250	238	194

Totals 640 601 569

Estimated populations for each year, considered from the standpoint of the total deaths for the year:

1955 — 15.6 millions
1956 — 16.0 "
1957 — 16.5 "

### Time to learn facts about fuses

If you don't understand the deadly difference between a 15 and a 30 ampere fuse in your ordinary household electrical circuit, now's the time to find out. Fuses are your safety checks on the hidden wires and the traffic they can reasonably bear. If a 15 ampere fuse keeps "blowing" and if the 30 doesn't, watch your step; you may be living on borrowed time.

### Hospital for chronic patients badly needed

CLOVERDALE — Delegates of seven branches of the Old Age Pensioners' Organization, two branches of the Senior Citizens' Association and a representative from the Peace Arch Women's Institute met at Cloverdale to plan for construction of a hospital for chronic patients in Surrey.

Addressing the meeting was Mr. Albert Porter, director of the Provincial Executive of the OAP, speaking of the pressing need of such a hospital and suggesting ways and means.

Delegates from Sunnyside, White Rock, Grosvenor Road, Cloverdale, Sullivan, Port Kells and Fleetwood Branches OAP, Senior Citizens delegates from White Rock and Crescent, together represented almost a thousand members and were in complete agreement as to the urgent need for Chronic Hospitals throughout the Province of British Columbia.

A provisional committee was set up to plan an organization embracing all major organizations in Surrey with a view of working toward the objective i.e., a Chronic Hospital for Surrey.

A very enjoyable evening was spent Friday, Sept. 26, at the home of Mrs. Colin Thrift when Mrs. Lorna Arkinstall, a former nurse, was honored with a baby shower by the staff of the White Rock District Hospital.

10 WHITE ROCK SUN THURSDAY, OCTOBER 9, 1958

## 'It happened so fast; like bolt from blue

"It happened in a flash, like a bolt from the blue."

Not all victims of sudden, flash fires of the last year in Canada are alive today to tell their mournful tale.

A woman was about to make "french fries." She tossed the potato slices, still wet from the soaking pot, into the pan of 350 degrees grease. Water and grease having a strong dislike for each other, the water made the grease sputter into the stove flame, setting her flammable fabric dress afire.

An elderly couple's delight was to share a pleasant smoke before bedtime. The wife struck an ordinary wooden match to

light her cigarette. Pfft! The match head soared up into the overhead plastic wrapped lamp. The plastic flamed, falling on the woman. Instantly her frilly nightgown became a torch.

Another Canadian family's fun was to take the kids for a hike and have a bonfire meal. Dad took along a bottle of gas from the power lawnmower to put out the flame.

supply to "kick up" the damp twigs. One of the youngsters dribbled gas into the embers. In a split second, he was his own "dying bonfire," sadly today remembered by his family and chums.

These and scores of others which made recent headlines are typical of the ghastly record. If any relief is to be found in reading the sombre files of the Joint Committee of the Association of Canadian Fire Marshals and the Canadian Association of Fire Chiefs, it is certainly or geography of the incidents, although occasionally there is mention that somebody showed gumption and saved a life, such as by rolling in a rug from the power lawnmower to put out the flame.

## Around Town

Mr. and Mrs. R. S. Collinson of Victoria will reside at 13661 Roper Street. They spent many summers here. At one time they lived at Prince Rupert.

Mr. and Mrs. Northeast, Lee Street and their two sons, are back from a motor trip to the Cariboo. They stayed at Sheraton Lake and the Hundred Mile House.

Miss Ethel Calver, Columbia Avenue, left by bus this week for Prince George where she will be the guest of Rev. C. Deltrick and Mrs. Deltrick, formerly of White Rock.

Eight-year-old David Dougan achieved highest score in the achievement program, staged by the Evangelical Free Church Sunday School during the past year. His score of 99% represented perfect attendance, memorization of Scripture memory verses, punctuality and habitually remembering to bring his Bible to Sunday School.

Mr. and Mrs. Harold Tveit, Pacific Avenue, have returned from a motor trip to the Peace River area. While en route they visited Miss Shirley Peckover at Dawson Creek.

Captain Raymond Young, Bunn Vista Avenue, is expected home this week from his summer employment north of the Arctic Circle. Since late spring Captain Young has served as mate aboard the Radium Dew Dew Line. His travels took him 150 miles west and 120 miles east of the mouth of the McKenzie River.

A weekend motor trip to McAllister to visit her sister was enjoyed by Mrs. Raymond Young together with her three children recently. Driving the Canyon route alone was a thrilling experience she reports, and a little nerve wracking when she encountered stretches lacking a guard rail.

Miss Ella Cowie of Beaver-ton, Ont. and Florence McDonald of Washington, D.C., enjoyed a lovely holiday with Mr. and Mrs. J. Cowie, 15525 Washington Ave.

Miss Velma Pike, household science director of Palmerston High School, Toronto, has been visiting with Mr. and Mrs. Cowie on Washington Ave. Miss Darcy of Toronto, has also been staying with her friend, Mrs. Cowie.

Mrs. Malcolm Gosling, Bermuda, also Mrs. B. Burns, Vancouver, spent the weekend with Mrs. V. Green, Habgood Street.

## Fire claims 640 lives; loss \$134,700,000

By Royal Proclamation the week of October 5-11 has been set aside as Fire Prevention Week. The proclamation, made in the name of Her Majesty Queen Elizabeth of Canada, appeals to all citizens to curb careless causes of fire, which last year claimed a record toll of human life and property waste.

The shocking story is told by 1957 provincial reports: a total of 640 lives and a direct property loss of \$134,700,000. Both figures are an all-time high.

The massive proportions of the toll over a decade are set out by the proclamation: 5,337 lives and an estimated 16,000 scarred and disfigured. The waste to our living and working places was \$967 million more than enough to build two sea-ways. The indirect loss to the national economy was perhaps ten times this amount.

Nor do the figures include forest fire waste. The tragedy is that most of the 696,020 fires in the decade were caused by human carelessness and neglect of simple rules of fire safety and common sense.

This is the message for Fire

### Clubs Lodges

The White Rock Choral Group meet each Monday at 8 p.m. at Buena Vista Hall, Stevens Street. New members welcome.

The next V.O.N. meeting will be held at the home of Mrs. William Simpson, 14203 Wheatley Ave. on Thursday, October 16 at 8 p.m.

Annual harvest supper will be held at Evangelical Free Church Friday at 5:30 p.m.

A general meeting of the White Rock Ratepayers Association will be held in the Buena Vista Hall on Friday, October 17 at 8 p.m.

The White Rock Cricket Club is holding its annual general meeting on Wednesday, October 15 at 8 p.m., at the Sunnyside Community Hall. This is an important meeting and all members or others interested are urged to attend.

Hy-Crest Group of White Rock Hospital Auxiliary will meet at the home of Mrs. G. B. Armstrong, 15381 North Bluff at 2:15 p.m.

The Friendship Circle of the United Church W.A. will meet on Tuesday, October 14 at 2:09 p.m. in the Church Lounge.

The next meeting of the White Rock and District Horticultural Society will be held on Tuesday, October 14 at 2 p.m. in the Hall of the First United Church on Buena Vista Ave. Mr. H. F. Olds will be the speaker, "How to put away plants for the winter." Parlor show, visitors welcome.

The next meeting of the Goodwill Hospital Group will be held at the home of Mrs. Miller, 14717 Oxenham Ave., with Mrs. McAdam as co-hostess on Tuesday, October 14 at 2 p.m.

Semlahmoo Bay Overture Concert Association will hold a committee meeting on October 10 at the home of Mr. Max Zack, Coldcut Villars. Meeting will commence at 8 p.m.

Mr. and Mrs. W. E. Myers have returned to their home at 15390 Victoria Ave., after a two week visit with their son-in-law and daughter, Mr. and Mrs. Geo. Jason of Calgary, Alta. They enjoyed seeing their granddaughter Diana Lee, who was born in White Rock Hospital last Valentine's Day.

Prevention Week from Canada's fire services, a force of 27,000 fire fighters, profession al and volunteer. The message is highlighted at Fire Prevention Week but it holds for every day of the year in every place of Canada.

The message is: DON'T GIVE FIRE A PLACE TO START. And, giving voice to the hapless victims, especially children, women and elderly folk: DON'T LEAVE US ALONE WITH THE HAZARDS OF FIRE.

Grimly underlying the situation is the disgraceful fact that, per capita, Canada's fire loss is one of the world's worst, if not the worst.

### Oil space heaters are dangerous

If you use a portable oil space heater in your home, remember that it represents a definite fire hazard. It should be set absolutely level and should not be carried around from room to room while burning. Changes in draft are liable to cause explosion. Canada's fire services hope that just as soon as you can you will dispense with it in favor of a more permanent type of heating unit.

### You set your insurance rate

In 1957 Canadians paid \$169 millions for their fire insurance, got back \$129 millions for their losses.

Their fire insurance premiums in 1957 cost them only \$8.6 millions over what they paid in 1956 for protection. But in 1957 they ran up paid losses \$26.2 millions greater than in 1956.

Percentage-wise, the 1957 loss ratio (losses against premiums) was 76.28. In 1956 it was 63.58.

## Mrs. Lougheed returns from trip to England, Europe, World Fair

Mrs. Doris M. Lougheed of White Rock returned home last Thursday after an extended visit to Great Britain and Europe.

Mrs. Lougheed visited the Brussels World Fair and the League of Nations building in Geneva, Switzerland. She also covered south western Germany travelling through the famous Black Forest, and also spent one day in Italy.

Mrs. Lougheed considers the Brussels World Fair as the highlight of her trip. She collected many fine stamps that were obtained only by the magnificence of the Fair itself. One could spend a month there and still not see everything.

The White Rock resident took movie films and colored slides of her tour.

While in Britain she visited Westminster Abbey and St. Paul's Cathedral and other great London sites as well as enjoying an extensive tour of other parts of England, Scotland and Wales.

Mrs. Lougheed returned on the Empress of France and crossed Canada via Canadian Pacific Railway, stopping over in Winnipeg to visit her brother.

She is glad to get back and

feels there is still no place like Canada. Mrs. Lougheed is active in her dry goods store on hilltop.

## Special Thanksgiving services at United

Special services of Thanksgiving will be held at First United this Sunday, and the Choir, under the leadership of Mrs. R. J. Hanslow, will be singing special anthems and solos.

At the Morning Service at 11:00 a.m. the Rev. A. R. Laing will be preaching on an unusual theme "God and the Grudging Spirit" in which an ancient Command of God will become the challenge to our modern way of life.

In the evening he will be preaching on one of the grand old themes of the Thanksgiving season under the heading "The Great Venture."

Arrangements have now been made at First United to have a Nursery Class during the morning service so that parents may worship together in Church.

Younger children may also come to Church with their parents and leave for their class during the service before the sermon period.

## THANKSGIVING

(Continued from Page 1)

yourself what you can do to help someone else. Put an empty bowl in the middle of your Thanksgiving Table and let everyone put a gift in it and send the money afterwards to either a Community Chest, or C.A.R.E., The Bible Society or whoever you wish.

There is always the little parable to remember about the Sea of Galilee and the Dead Sea. The first is live and thrilling like any other sea because it receives the rains and gives forth of its wealth to the surrounding country side in many ways. The Dead Sea is rich in minerals beyond words, but like the miser who keeps everything to himself all around it is dull and grey with few who will live on its shores. We live in loneliness and isolation unless we give of ourselves in thanks to God and the sharing with our fellows of what He has given us.

Directors are Nestor Iowski; Clive Stangoe, Williams Lake Tribune; George Coupland, Surrey Leader, Cloverdale; and George Crew, Coast News.

Eric Dunning of Haney Gazette is past president.

## Sun publisher on BCWNA executive

White Rock Sun Publisher Nestor J. Iowski has been elected to the executive of the B.C. Weekly Newspaper Association.

Mr. Iowski, who has published the Sun since April of this year, was named at the Association's annual convention held October 2-4 in Hotel Vancouver. He is a former co-partner in the Prince George Citizen.

Arvid Lundell of the Revelstoke Review was elected president of the Association for the coming year and Cecil Hacker of Abbotsford News was named vice-president. A. Stanley of Kaslo is the new secretary-treasurer.

Directors are Nestor Iowski; Clive Stangoe, Williams Lake Tribune; George Coupland, Surrey Leader, Cloverdale; and George Crew, Coast News.

Eric Dunning of Haney Gazette is past president.

## 1959 CADILLAC

Outstanding in the Cadillac line for years, the Fleetwood Sixty Special Sedan for 1959 reaches a new degree of excellence. The long sweep of the Fleetwood body is illuminated by a sculptured convex panel and highlighted by chrome louvers and swept chrome moldings.

### Laid To Rest

**SULLIVAN** - October 3, 1958. James Augustus Sullivan of 15506 Columbia Avenue, White Rock. Age 75 years. Survived by his loving wife, one son Kenneth of San Francisco; one daughter Mrs. Arthur O. Fyfe, Victoria; one brother Ted, Seattle; on sister Mrs. Marsi Mitchell, California; one grandson James Arthur. Deceased was a member of Joppa Lodge No. 112 A.F. & A.M., White Rock. Funeral service was held Tuesday, October 7 at 1:30 p.m. from White Rock United Church under the auspices of the Joppa Lodge No. 12 A.F. & A.M. Rev. A. R. Laing officiating. Chapel Hill Ltd. Funeral Directors. Followed by cremation.

## Hospital Aux. announces bursary, give reports

Mrs. Paul Starek opened the monthly meeting of the White Rock Hospital Auxiliary by announcing that the auxiliary had presented another bursary, this time to the tune of \$150 to Irene Marshall who has entered nurse's training in a Vancouver Hospital.

Reports from various committees were opened by the treasurer's report. Mrs. R. G. Gahagan reported total receipts of \$2070.01 with expenses amounting to \$245.00 leaving a balance of \$1825.21 as of September 30, 1958.

One of the highest records for a month was realized at the Superfluity Shop. Some \$530.89 was the total amount made while expenses totalled \$6.75 leaving a balance of \$524.14 for the month of September.

Mrs. J. London reporting for the Working Committee stated 67 hours had been realized. Mrs. J. Carpenter reporting for the Portable Shop gave a profit and loss statement from January 1 to September 30. Total profits for these months were \$112.73.

Mrs. G. Roberts reporting for the Sewing Committee reported 141 articles were mended requiring a total of 56 hours.

Each group has now been given a treasurer's record book. Each book carries an example of how the books should be kept and these books will be audited every year.

The latest group to join the auxiliary are keeping in the theme of this year's celebrations in their choice of the name Centennial Group. Mrs. D. McDonald, leader, gave their first report at the meeting. The auxiliary extended their best wishes to the group expressing hope for the group's successful future.

Mrs. Dingswall, who is still working on the group history of the auxiliary would like those groups who have not handed one in to do so.

## Education for the handicapped

The first department of education for handicapped children in Canada will be established at the University of British Columbia. Dean Neville Scarfe, head of the college of education, announced last week.

Heading the school will be Professor J. A. Richardson, deputy director of the remedial education centre at the University of Queensland in Brisbane, Australia.

The appointment of Professor Richardson is the result of a grant of \$36,000 to UBC's college of education from the British Columbia Foundation for Child Care, Poliomyelitis and Rehabilitation, which raises its funds through the Kinsmen-sponsored Mothers' March.

"This organization has been keenly interested in and aware of the need for special education because of their work with the physically handicapped," Dean Scarfe said. "Because of this interest the first department of education for handicapped children in Canada will be established at UBC and Professor Richardson will hold the first chair of special education in Canada," he added.

The new department will offer three courses in the teaching of handicapped and retarded children, Dean Scarfe said. Professor Richardson will also co-operate with UBC's faculty of medicine at the rehabilitation centre at the Vancouver General Hospital.

UBC's college of education now gives one course in the teaching of handicapped and retarded children. A total of 40 students are registered. A similar course during the summer UBC session had a registration of 50 students.

## Fire strikes at 1,000 homes

Every week across Canada fire strikes at well over one thousand homes. Financially, this means a sickening yearly waste of nearly \$30,000,000, but it is the least of the story. Actually, the typical house fire averages under \$500 in damages.

What really hurts is that three quarters of all our fire deaths occur in these homes - and that for every one killed many more are horribly burned and often permanently scarred. This is human life and human agony.

Such is the heart of the fire services' appeal at Fire Prevention Week - for every man, woman and child. Especially for the children, who make up nearly half the victims.

Of every ten fires, nine are the result of ordinary carelessness and thoughtless neglect of simplest precaution.

And regardless of the cause, experienced fire fighters point out, many of the tragedies are needless. Unfamiliar with fire's behaviour, the victims are often trapped by their own ignorance. They might have gotten out if they knew how. They didn't know how. So they die.

Every home, every Canadian can richly profit by learning the simple lessons of fire and safety.

## The younger you are the easier it is

That's what the middle-aged "duffers" say on the golf course when a teenager breaks 80 for the first time.

It's the same story with family protection. The younger you are when you first arrange it, the more likely you are to be insured. And the younger you are, the lower the premiums, too.

The Mutual Life of Canada is helping thousands of young Canadians plan for future security. Talk to a Mutual of Canada man soon and he'll show you how Mutual's outstanding dividend record really pays off for the young man on his way up.

## Caledonian Society plays host to Van. guests

A most pleasant evening was enjoyed by the Scots who attended the October gathering of the St. Andrew's Caledonian Society for the Lower Fraser Valley at the White Rock Hotel, Thursday evening, October 2.

After the singing of O Canada, president Jim Hazlett brought to the attention of the

group the illness of two of its members, James A. Sullivan and George Caldwell and also welcomed a number of local visitors.

Business completed, the audience was treated to a talk by Mr. Tom Irwin on the tradition and duties of the speaker of the House.

He spoke of the long road travelled since Magna Carta introduced the first speaker of the House. He said today's mace, holding an honorable place in parliamentary procedure is a symbol of the Magna Carta days when it was used as a bludgeon to keep order. Rights of the people versus the Crown were also mentioned. The listeners' interest was apparent by the round of applause.

Carload of members of the Vancouver Caledonian Society arrived and the rest of the evening was given over to the entertainment of these visitors.

Vancouver president introduced the Vancouver group and expressed their pleasure in being asked to attend and in turn invited the White Rock group to be their guests in the future.

A pipe selection by Miss Catherine McDonald; vocal solos by Anne Duncan, some in Gaelic; others by John Paterson, Flo Fleming and Gilbert Sykes; duets by Anne Duncan and John Paterson all accompanied on the piano by Mrs. G. Sykes, were enjoyed.

The program also included ballads and accompanying selections by Allan Barnett; dances accompanied by piper Catherine McDonald by Miss Isdale's pupils Donna Fraser; Linda Pinkerton; Vi Ann Treasurer and Bunny Maden.

Honor to the Queen preceded refreshments after which the remainder of the evening was given over to dancing.

## Catholic convention

Delegates from all over the Dominion, representing a membership of 115,000 will attend the 38th annual National Convention of the Catholic Women's League of Canada, taking place in Vancouver, from October 10 to 16 inclusive, with Convention headquarters at the Hotel Vancouver.

On Friday, October 10, a dinner for the National executive and hostess committee will be hosted at the Ritz Hotel by Most Rev. William Mark Duke, D.D., Archbishop of Vancouver.

Saturday will feature the formal opening of the convention at the Art Gallery with an address by National C.W.L. Director, Most Rev. W. J. Smith, D.D., Bishop of Pembroke.

A Pontifical High Mass will be celebrated Sunday morning at Holy Rosary Cathedral by Archbishop Duke with the sermon given by Most Rev. Martin M. Johnson, D.D., Co-adjutor Archbishop of Vancouver.

Highlight of Monday's activities will be a visit to the newly erected St. Mark's College on U.B.C. Campus. A Holy Hour will be followed by buffet supper.

## Parental apathy again hit here

Parental apathy has been scored for the second time in as many weeks in White Rock. This time by Mrs. K. Leslie, Maple Street. Chairman of the Group Committee for Brownies and Guides.

Mrs. Leslie made her observation at the rummage and home cooking sale staged Saturday, October 4 in the Silver Moon Hall when a mere live of a potential 100 mothers of Guides and Brownies in White Rock showed any interest in the fund-raising event.

This latest indication of parental apathy is not new. Mrs. Leslie points out. She reports there are usually only six or seven mothers at the group committee meetings, where plans for the Guide work are formulated.

Actually there are only a half dozen women in White Rock in addition to the actual Guide and Brownie leaders who are keeping the work going.

Guide and Brownie leaders are in urgent need of assistance, Mrs. Leslie points out. Mrs. Geissinger, Alice Ortnor and Mrs. L. Browne are all carrying on large groups unassisted. Anyone interested in lending a hand is asked to contact Mrs. Leslie at WI. 8-9308.

Another disturbing factor, Mrs. Leslie points out, is the insistence of parents to continue to send along only five cents with the Brownies to their meetings when it has been stipulated that fees are now ten cents.

Where else can a young girl receive such fine training for ten cents per week?" Mrs. Leslie asks.

Stars of radio and television Sylvia Murphy and Bob Goulet were entertained in Toronto recently following a special CBC radio show which they put on for the convention of the Canadian Weekly Newspaper Association. Newly-elected president of the C.N.W.A. Hugh E. McCormick of Montreal, (left) and retiring president G. Cecil Day of Liverpool, N.S. (second from right) were among the many editors from across Canada who were there to meet these popular singing stars. Humorist Max Ferguson - CBC's Rawhide - looks down from the display in the background.

## ...so both are building up bank accounts

Nowadays, practically everybody has a bank account. Last year alone, forward-looking Canadians opened 450,000 new deposit accounts in the chartered banks—almost as many as the increase in population. The owners of today's 11 million accounts

know a bank is the safe, convenient, pleasant place to build up funds for every need and purpose.

They know, too, that in a chartered bank you deal with skilled, friendly people, ready to help with all your banking.

THE CHARTERED BANKS SERVING YOUR COMMUNITY

Fir plywood 'office' in kitchen handy for cook books, recipes

Heaven may protect the working girl, but if she's running a household too, what she really needs is a large helping of ingenious planning.

Our cleverest career types have already mastered the basics - the use of frozen, dehydrated, pre-packaged and "instant" foods; an emphasis on soil-resistant surfaces in the home and wrinkle-resistant fabrics in the family wardrobe; advance menu-planning tied in

with infrequent, all-encompassing shopping trips; a well-organized schedule of personal grooming.

But there are pitfalls, and one of the most popular is recipes. Ever see a drawer crammed to the sticking point with bits of paper torn from newspapers and magazines? All those tempting recipes, all those clever shortcuts, all those handy dandy household hints - lying fallow because they aren't organized for ready use.

The simple fir plywood unit above offers a tidy and convenient solution. It fits into a small space, but has room for the telephone and its accessories as well as all those recipes. The two recipe drawers have grooved finger holds for opening and adjustable pronged stops to accommodate just a few or a multitude of recipes.

Try using one for the intriguing things you tear out, the other for those you've tested and decided to keep. Or, if you're already organized, try one for quick everyday recipes and one for the leisurely weekend entertaining kind.

This handy plywood 'home office' could be made by the handyman in your house. Free construction plans are in stock at your lumber dealers. Paint it perky, and keep it cheeful!

## Star of the Sea Scene of noontide wedding

A noontide wedding took place at the Star of the Sea Catholic Church, October 3, when Patricia Irene Hebert, daughter of Mr. and Mrs. L. J. Hebert, of White Rock, became the bride of William Neil Little, son of Mrs. Z. Klein and the late John Little. Rev. Father J. Franks officiated at the double ring ceremony.

The bride, given in marriage by her father, spoke her vows before an altar where aumum blooms and lighted tapers lent a rich color to the ceremony.

The bride was regally attired in a ballerina length gown fashioned in Elizabethan style of white chantilly lace over satin and net. The fitted strapless bodice was worn with a lace bolero with stand-up collar and lily point sleeves misted by a chapel veil of illusion net which was held by a pearl tiara. The very full skirt accentuated the slim bodice.

The bride's only ornaments were matching necklace and bracelets of pearls each with one heart and two bells. She carried a colonial bouquet of red roses and pink carnations.

The bridesmatron was her sister, Mrs. Louise Aldous and bridesmaids were Miss Truly Currie and another of the bride's sisters, Miss Connie Hebert.

The flower girl was Miss Kay Hebert and the ring bearer Robert Hebert, sister and brother of the bride.

The bridesmatron's dress was of blue, the same color as that chosen by the flower girl. The bridesmaids' gowns were of pink. All were fashioned in full skirted styles of lace posed over satin and with strapless bodices with boleros.

The bridesmaids wore picture

hats matching their gowns, and the bridesmatron wore a small white feather hat. The bride's attendants all carried flowers.

The best man was George Kenny and the ushers were Richard Kenny and Paul Hebert, brother of the bride.

At the reception at Rose Garth Hall in New Westminster the guests were received by Mrs. Hebert and Mrs. Klein.

Mrs. Hebert wore a gown of sweetheart blue with accessories in tone and Mrs. Klein chose a gown of royal blue with pink accessories.

The toast to the bride was proposed by the master of ceremonies, J. A. Mummery. The bride's table was centred by the three-tier wedding cake.

The honeymoon will take the young couple to Seattle via Victoria. While in Seattle they will visit the bride's great aunt Mrs. Ada George. They will reside at the White Stetson Motel, 2248 King George Highway.

#### Guide leaders hold initiation rites

The Girl Guide leaders of South Surrey District gathered at the home of Mrs. K. G. Whipple, Thrift Road, to witness the initiation ceremony when the latter was presented as the new district commissioner for South Surrey.

Mrs. Whipple, formerly district commissioner for Cloverdale, Langley and Aldergrove, was responsible for the organization of that district three years ago.

Mrs. A. E. Postill, recently appointed Divisional Commissioner for North and South Surrey, made the presentation. South Surrey Guides will have a busy season when all plans discussed at the meeting

#### Sunnyside News

Mrs. T. A. Drummond of Toronto and Mrs. G. Basingthwaite of Vancouver were guests at the home of Mr. and Mrs. G. R. Currie of Sunnyside. The guests, who are sisters, enjoyed their visit in this part of Surrey, and Mrs. Drummond, who is Mrs. Currie's aunt, planned to leave for the East early in the week.

Mr. and Mrs. T. Haines Sr. have moved into their new home on Blake Road. These folks who have lived on Sunnyside near Blake for many years are finding life in their new modern home to be very much to their liking.

Here from Whalley and making their home on Sunnyside road temporarily while building their new home are Mr. and Mrs. O. Nesbitt and children.

Mrs. A. W. Mallard left on Thursday of last week to spend several weeks in Manitoba where she will visit friends and relatives in the Birtle and Decker areas. Mrs. Mallard is making the trip by train.

Mr. and Mrs. Lemery who spent the past few weeks in Sunnyside have gone to Red Deer, Alta., with a view to going into business there.

### FALL PLANTING OF BULBS

September is the preferred  
month to plant tulips, daffo-  
dils and other spring flowering  
bulbs. Every month's delay  
after September means a fal-  
ling off in yields and the gen-  
eral level of results obtained.  
Preparation of the land should  
now be well in hand, and it  
should be deep and thorough.  
Organic matter in the form of  
composts should be incorpo-  
rated in the soil with a light  
application of bone meal.

Soils that are heavy or close  
textured so that they remain  
more or less in constantly sog-  
gy conditions in the winter,  
should be avoided for bulbs  
unless they can be effectively  
improved by drainage.

The difficulty in planting  
bulbs early is usually due to  
the flower beds being in full  
bloom with annual flowers, but  
this will not affect the garden-  
er who is growing bulbs on a  
commercial basis.

### PROTECTING BULBS

FROM RODENTS  
Mice and other rodents which  
use mole runs are accused of  
eating bulbs, although there is  
disagreement as to whether the  
moles themselves do or do  
not eat them, but I am of the

opinion that moles, being car-  
nivorous, are chiefly after  
earth worms, and I have found  
that mole runs are mostly di-  
rected in well manured ground  
where worms are found in  
abundance.

While mice seldom eat nar-  
cissus and hyacinth bulbs, they  
are known to be fond of tulip,  
lily and tigridia bulbs. In cer-  
tain sections which are in-  
fested with mice it is almost  
a waste of time and money to  
plant bulbs unless they are  
protected.

One way to outwit the rod-  
ents is to use substances which  
are offensive to them. This is  
done by placing naphthalene or  
camphor flakes among the  
bulbs at planting time.

Another and perhaps a safer  
method of protecting bulbs is  
to plant them in wire baskets.  
These baskets can be purchased  
for the purpose.

Many gardeners, however, de-  
pend on narcissus bulbs to keep  
moles (and even mice) away  
from tulip bulbs. The narcis-  
sus bulbs can be planted  
around the tulip bulbs. Garlic  
bulbs also are objectionable to  
the rodents.

Moles, due to their tunneling  
habits, are often trouble makers  
in the rock garden. Here, un-  
less the moles are checked, the  
entire rock garden may become  
honeycombed with their runs.  
As a result, stones shift, plant  
roots dry out, and the plants  
become stunted or die. Castor  
oil beans, as well as naphtha-  
lene flakes help to repel the in-  
vaders.

### DWARF IRISES

#### MAKE A SHOW

Tiny as they are, dwarf iri-  
ses come in handy to brighten  
certain spots in the garden.  
They are ideal for the rock  
garden, and equally well suited  
for edging material, for the  
hardy border, or at the edge  
of a small garden pool.

They vary in height from  
four to 10 or 12 inches, and  
are the earliest of the irises to  
bloom, showing color in April.  
Two of the most popular

dwarf irises are iris pumila, a  
bearded type, the other is one  
of the crested varieties, iris  
cristata. Dwarf bearded irises  
are vigorous growers.

Iris pumila is very dwarf,  
with gay flowers and very broad  
leaves. It can be used to form  
dense mats of bright blue, pur-  
ple, crimson, yellow and white.  
The soil in which this iris is  
planted should be enriched  
with organic matter for its best  
growth. The plants are such  
rapid growers that they soon  
use up the soil's fertility.

Iris cristata, or crested iris,  
grows some four inches high.  
Its flowers are a beautiful pale  
lavender. Its broad leaves are  
a rich, dark green. The low-  
er petals of the flowers are  
decorated with an orange  
crest, hence the plant's name.

There is an autumn flower-  
ing iris pumila which has two  
or more normal flowering sea-  
sons each year. It blossoms in  
the spring along with other  
early flowering varieties, and  
again in the autumn, beginning  
in September and continuing  
until killed by frosts.

A new iris recommended for  
rock gardens is rightly called  
"Path of Gold."

## THE PURPOSE OF

# MULTIPLE LISTING SERVICE

Is to provide a fast, effective method of buying and selling real estate  
by using modern merchandising methods.

### SOME ADVANTAGES OF MULTIPLE LISTING

1. A house is one of the most valuable things you will ever own. That is why it is so important to buy or sell real estate through an agent you can trust.
2. You deal only with the REALTOR of your choice, and all negotiations and appointments may be completed through him—yet complete facts on your home are available to the entire organization of the New Westminster Multiple Listing Service, thus reaching the widest possible market.
3. MAXIMUM CO-OPERATION between agents results in faster and more efficient service to both Purchaser and Vendor.
4. Immediately each Multiple Listing is submitted to the Service, the organization goes to work for you. All pertinent facts about the property are printed for distribution to members of the Service.
5. MULTIPLE LISTING SERVICE eliminates "nuisance" calls and "idle shoppers," leaving selling of your home entirely in the hands of trained personnel, restricting showings to authentic prospective buyers, and at the convenience of appointments only.
6. In all real estate transactions with a Realtor you are PROTECTED without recourse to law.
7. At first glance it would appear that this is a costly operation, but all this efficient organization is set in motion on your behalf for a negligible cost above that paid for the services of only one real estate firm. The services of Multiple Listing are engaged for only an additional 2% over the normal 5% commission.
8. Prospective buyers can thus see full information on all houses listed with Multiple Listing Service when they call on any member of the service. They are able to select in advance those homes that meet their requirements, thus minimizing time on their part and yours.

Multiple Listing Service is available in this area through the facilities of the

### Crescent Beach

Mr. R. L. Taylor of McBride  
Street left on the first of Oc-  
tober for Pasadena, California,  
where he will visit with broth-  
ers and sisters. He will go  
through Ogden and Reno, and  
will attend a convention of elec-  
trical contractors, where he  
will be honored as the oldest  
living electrical contractor, be-  
ing in his 60th year in that  
capacity.

Mr. and Mrs. A. C. M. Brook  
of Crescent Road have return-  
ed from their trip in the inau-  
gural train over the PGE to Ft.  
St. John. There were to be  
three coaches of government  
and other officials, and six  
coaches of passengers. The  
first hotel stop was at Chet-  
wynd.

Mr. Justice Harry Sullivan  
of Becket Road, Crescent, and  
Vancouver, was hospitalized on  
Thursday and underwent sur-  
gery on Friday. Friends and  
neighbors wish him a good  
recovery. He is in VGH.

## Cadillacs for 1959 have extensive changes

Extensive changes throughout the entire line of 1959 Cadillac cars were announced recently by General Motors of Canada, Limited, according to Wally Griffiths of Midway Motors, dealers for the new Cadillac.

The changes include newly designed engine, new shock absorbers, more glass and new styling.

"These changes bring together styling and performance to exceed even further the standards for which Cadillac has been so renowned," a GM spokesman said.

The 1959 Cadillac engine incorporates advanced principles of design permitting smooth operation while delivering maximum power for all occasions. It has greater displacement, a higher compression ratio, and more effective engine breathing, new carburetor heating and engine warm-up controls.

Another Cadillac "first" this year is an original design for shock absorbers. The new unit prevents the mixing of air and oil in the cylinder - a heretofore unsolved problem, and one which greatly reduced shock absorber effectiveness. All Cadillacs for 1959 are equipped with the new shock absorbers.

The 1959 Cadillac line consists of 13 models including an additional Sedan not available last year.

The Eldorado Brougham will not be announced with the regular line of Cadillac cars, but in the near future, a GM spokesman said.

In the 1959 Sixty-Two Sedan and Sedan de Ville, two body styles distinctive in roof contour, number of windows, and overall height are offered. Joining the popular six-window Sedan is a four-window Sedan which features a low sweeping roof silhouette extended over a broad expanse of newly-styled rear window glass.

The Fleetwood Sixty Special Sedan for 1959 has a long sweeping body illuminated by a sculptured convex panel and highlighted by chrome louvers and swept chrome mouldings, fairings of bright chrome above the taillight and crisp chrome edgings on the trunk.

The Fleetwood Seventy-Five Sedan and Limousine have been completely restyled.

All 1959 Cadillac models have

### Painting of floor completed at Centre

Volunteer workmen have completed the painting of the cement floor of the Hilltop Youth Centre, on Johnston Rd. Graydon Connor assisted as chief paint mixer assisted by Jim Shaw, Ken Whipple and several volunteers.

A liaison committee for hall improvements and fixtures has been formed consisting of three Scout leaders, one Guide leader and two members of the Hilltop Youth Centre.

### Pacific Stage Lines Notice of Application

#### for Increased Fares

Application has been made to the Motor Carrier Branch of the Public Utilities Commission to increase local passenger tariff rates on November 1, 1958, with the following effect:

- Increases in fares on the Vancouver - Horseshoe Bay and Vancouver - Deep Cove routes with re-distribution of intermediate zones.

- Increases in fares from New Westminster to points in the Fraser Valley with re-distribution of intermediate zones.
- No increase in Vancouver - New Westminster fares, and zone boundaries remain unchanged.

Revised tariffs are available for inspection in all Pacific Stage Lines depots and agencies on route.

Any representations regarding the proposed changes may be filed with the Superintendent of Motor Carriers, Public Utilities Commission, 740 West Georgia Street, Vancouver 5, B.C. not later than October 17, 1958.

Pacific Stage Lines

### Who has raffle ticket number 43?

An angel cake raffled at the cake sale staged by White Rock Group Committee last Saturday in the Silver Moon Hall, is being kept in a freezer until ticket number 43 claims it.

Mrs. Ruth Kendall has kindly consented to keep the cake until October 16 and if not claimed at that time the alternate ticket number holder 100 will receive the cake. Mrs. Kendall can be reached at WI. 8-0037 evenings.

Mrs. Larry Doyle, president of the Boundary Society for Retarded Children will address the White Rock PTA on Wednesday, October 15 on the subject of the retarded child.

A question and answer period will follow Mr. Doyle's address.

Parents are reminded that the PTA is selling vanilla in an effort to win a coffee percolator.

### Laid To Rest

WHITEHOUSE - October 4, 1958, Edwin Whitehouse of 839 Steven St., White Rock. Age 68 years. Survived by his loving wife, two brothers, Franz of Vancouver Island and George of Swift Current; two sisters, Mrs. Lucy Luman of Saskatchewan and Mrs. Daisy Brewster of Alberta. Funeral service was held on Wednesday, October 8 at 1:30 p.m. from Chapel Hill Funeral Parlor, Victoria Ave. and E Street under the auspices of the Canadian Legion Branch No. 8, Rev. E. Pitt Griffiths officiating to the Field of Honour at Sunnyside Lawn.

PROUDLY PRESENTS FOR 1959 A DRAMATIC NEW REALM OF

## Motoring Majesty

A single glance tells you, beyond any question, that these are the newest and most magnificent Cadillac cars ever created. Dazzling in their beauty, enchanting in their grace and elegance, and inspiring in their Fleetwood luxury and decor—they introduce a new realm of motoring majesty. And a single journey at the wheel will reveal still another unquestionable fact—that these are the finest performing Cadillacs ever produced. With a spectacular new engine, with a smoother, more responsive Hydra-Matic drive, and with improved qualities of ride and handling, they provide a totally new sense of mastery over time and distance. This brilliant new Cadillac beauty and this marvellous new Cadillac performance are offered in thirteen individual body styles. To see and to drive any of them is to acknowledge Cadillac a new measure of automotive supremacy. Your dealer invites you to do both at your first opportunity.

*By appointment to the world's most discriminating motorists!*

*Cadillac's noblest advancement in styling and engineering!*

## Lord Rowallan, Chief Scout, visits B.C.

LORD ROWALLAN  
Chief Scout of British  
Commonwealth

Lord Rowallan, Chief Scout of the British Commonwealth, will pay a brief visit to British Columbia this month.

His itinerary will take him to Victoria and Vancouver. He will attend two dinners, visit the mayors, attend a rally, visit handicapped Scout Groups and address the Men's Canadian Club of Vancouver.

The Scottish Chief Scout will be accompanied by D. F. Morgan, assistant overseas commissioner of the Boy Scouts Imperial Headquarters in London. Lord Rowallan last visited British Columbia in 1946, a year after his appointment.

The 62-year-old "chief," who wears the Clan Cameron kilt, has travelled extensively in Britain and overseas. In addition to his outstanding leadership qualities, he is noted as a Scoutcraft expert.

He arrives in Victoria on October 12.

On October 13 (Thanksgiving Day) he will visit the city hall in Victoria and lunch with Lieut.-Gov. Frank M. Ross, British Columbia Boy Scouts patron.

Lord Rowallan arrives in Vancouver on October 14, lunches privately and then visits Handicapped Groups in the afternoon.

Lord Rowallan, born Thomas Godfrey Polson Corbett, succeeded to his title in 1933 after service in Gallipoli, Palestine and France in the First World War during which he won the Military Cross.

He is an expert in cattle

breeding, and, in particular in Ayrshire stock.

His Scouting history goes back to the early days of the Movement, but he became prominent in 1922 when he took on commissionership in Scotland. In 1939 he was president of the Scottish Scout Council

D. F. MORGAN  
Assistant Overseas Commissioner on the Staff of the Boy Scout Association, Imperial Headquarters, London, England.

In the Second World War he took the Royal Scots Fusiliers to France, he escaped when the Germans over-ran the country, then because of aggravated wounds, spent his time training young soldiers battalions and potential officers.

### 89 parents attend first PT meeting

Thirty schools were represented by 89 parents at the first meeting for the 1958-59 term of the Surrey P.T.A. Council.

The meeting voted to turn over \$75 earned on the sale of Student Insurance, to the Teachers Bursary in appreciation of the help received from the teachers with the insurance and throughout the year.

The meeting also voted that letters of thanks be sent to Mrs. Bruce, the Surrey Teachers' Association and the Centennial Committee for the tremendous work done in connection with the Centennial Pageant.

Delegates were reminded the insurance for school children will again be offered through the Council, effective from Oct. 14 to Oct. 24 only. The fact that several schools were not in session caused the delay

to this later date.

The Annual Workshop of the Surrey P.T.A. Council offered to new executives was held after the general meeting.

### Mallett-Martin marriage announced

Mr. and Mrs. Roy Martin of Hagersville, Ontario, wish to announce the engagement of their youngest daughter, Laurel Jean, to David George Mallett, eldest son of Mr. and Mrs. Sydney Mallett of White Rock. Both the bride and the groom-elect are members of the Royal Canadian Air Force.

The marriage will take place on Nov. 1 in Springvale United Church at 3 p.m.

## Council told

# Garbage cost cut in half with sanitary fill

Land reclamation can be instituted as a way of garbage control at one third to half the cost of incinerators, L. R. Miasner, of the Finning Tractor and Equipment Co. told a large gathering in the Council chambers last week.

Method of land reclamation would utilize less than an acre of land per person a year in White Rock using the trench system, the speaker said.

Terry Hannigan, Sanitary Supervisor for the City of Vancouver, engineering department stated that Vancouver disposed of 104,000 cubic yards of garbage a month for its 375,000 population.

He pointed out the Clark and Broadway ravine where land reclamation to a depth of 25 feet had been achieved in three and one half months. A lovely park had been created at 33rd and Knight Road, which had enhanced real estate values, all as a result of well planned land reclamation. Land reclamation was going on right now right behind private dwellings with no complaints from property owners, the speaker stated.

Cost of carrying out the scheme in White Rock would run from 50 to 54 cents per ton of compacted material and cost of earth coverage would run about thirty five cents a cubic yard.

The city of Vancouver spends nothing on rat control or line sprinkling on the garbage Mr. Hannigan stated.

Land reclamation brings the same results as an incinerator but necessitates slow combustion rather than the rapid process realized by an incinerator, Mayor Hodgson pointed out.

Sandy, granular soil for coverage is essential for a good job Mr. Hannigan stated.

Mr. Miasner stated that the requirements assuring a satisfactory job of land reclamation called for proper supervision.

an informed public, and proper equipment.

He pointed out that speedways had been constructed over reclaimed land in Los Angeles, parks in other American cities and even housing developments in Seattle.

## YOU CAN AFFORD TO FORGET — IMPERIAL CAN'T

... because four generations of Canadians have come to depend on Imperial products on the road, on the farm, in the home

Imperial started supplying Canadians with oil products in the very early days of the industry in Canada... in fact, 1880 was the year it made its start in this business.

In most areas of Canada, it was an Imperial refinery which first began making oil products locally.

Imperial pioneered, too, in

supplying Canadians with products when and where they were needed. (As far back as 1907, Imperial opened the first service station in Canada... and perhaps in the world.)

Today, as over the past 78 years, Imperial recognizes its responsibility to bring Canadians the most modern of oil products at the lowest possible price.

\*Octane has increased steadily compared to wholesale gasoline prices.

## MLA outlines Boundary Bay industrial plans

**CRESCENT BEACH** - At a well attended meeting of the Crescent Beach Property Owners' Association held in the Anglican Church hall on Wednesday, October 1, George Massey, MLA for Delta spoke on the proposed industrial development of the Boundary Bay area. It would be located within the boundaries of Delta Municipality, which district would benefit greatly by the taxation it could levy on the industries which the development would attract. It had been thought possible at one time to make a second Coney Island there, with hotels and a beautiful beach.

The development is being sponsored by a group of Vancouver business men, who have obtained certain options from the Provincial Government to enable them to conduct a survey. This survey is now in its second and more detailed phase, and the results obtained from this will probably decide whether the syndicate intends to go ahead.

The development will cover approximately several thousand acres and will necessitate the dredging of a 50 foot deep channel wide enough to accommodate the largest vessels afloat. It would stretch from White Rock to the development and would be maintained by the Federal Government under the Navigable Waters Act. The sand dredged out of this marine canal would be laid down in form of a wall, and Mr. Massey claimed that this wall would "make" both White Rock and Crescent Beach.

He denied that shipping would pollute the waters, but admitted that if development proceeded, it would mean an end

to all wild bird life in the area.

Answering a question regarding the location of the new highway from Deas Island to the Border, Mr. Massey stated that from the Customs as Douglas, to approximately the Tara Super Club, the highway would be eight lanes wide, and at that point there would be a clover leaf to take four lanes across the flats to the tunnel, and the other four would go to the Trans-Canada Highway at an unspecified location.

Concluding his question period, Mr. Massey stated that the terminus of the proposed ferry to Vancouver Island should be at Tswassan and not at either White Rock or Ocean Park. In his opinion, neither of these locations was suitable for a ferry terminus from a mariner's view point, and they were also further from the Vancouver Island terminus.

## Firebugs can breed anywhere

Firebugs can be as common as flies around the house. They breed in trash and oily rags and the like and, far too frequently, in the hides of careless souls who fan fierce flames in stoves, or use coins as electrical fuse connections, or smoke thoughtlessly or leave matches around for children's pranks to play with. Swat all these "firebugs" hard, the fire-fighter urges.

Own a ski lodge, a hunting cabin or just a plain everyday kitchen with a stove and exposed pipes? Don't forget the wet clothing or the laundry left close to the pipes to dry. Sinister social note: The family with a full load of 1958 electrical appliances moving into the century-old farmhouse wired to 1920 standards. Appliances include: toaster, ironer, hotplate, frypan, kettle, heater.

Break up cliques, level wealth with honesty, let worth be judged according to wisdom, and we get better views of humanity.

- Mary Baker Eddy

## Crescent PTA hears progress for the retarded

**CRESCENT PARK** - The regular monthly meeting of the Crescent Park PTA was held in the school on Wednesday evening, October 1, with Mrs. Stella Hamilton, president, in the chair.

The president introduced the guest speaker, Mr. L. Doyle, president of the Boundary Society for retarded children, who gave a most interesting talk on this subject.

Mr. Doyle stated he knew the PTA was interested in the educational system of B.C. which is very well designed for the average child, but there are many families in Surrey that are not happy with the educational system. This brought about the idea of forming small groups including parents and teaching the children in their homes, as they could see the need for schools for the retarded children.

The result was that there are now 33 schools being operated in B.C. for the handicapped

children and are now operating in Delta and Surrey and in May opened a school in Langley and also White Rock.

The Rotary Club offered the Association their hall on Johnston Road for their White Rock school and with their efforts funds came in for necessary work to improving the interior of the building to meet the standard specifications needed for this school. The school has been fortunate in securing a teacher from England with 15 years experience.

The school started with four children and has an enrollment of seven and others waiting to enter when transportation can be provided. It hopes to purchase a bus to provide transportation for the White Rock and Langley schools.

The Provincial Government does help now, allowing \$25 per child, per month. The Association does not feel that this amount is adequate.

Mr. and Mrs. Douglas of Sunnyside Road have left by plane for Phoenix, Arizona, where they will spend several months. Mrs. Douglas has improved nicely since her recent illness.

The Ocean Park CCF Club No. 920 will hold a meeting at the Clubhouse at 129 A St. on October 20 at 2:00 p.m.

Mr. Walter Banner of Griffin Road who met with an accident in falling off a ladder about three weeks ago and had been home after being discharged from White Rock Hospital was taken to Shaughnessy Hospital for further examination.

warming pads, more lamps for every room. Add: fan, TV and radio, mother's washing machine and dryer, father's power saw, etc. Total gadget cost: \$1,000. But not a cent for more and better wiring to help take the burden of the extra 1958 electrical load. Foreseeable result: Disaster.

Sad, oft-repeated explanation by bereaved parents throughout Canada in 1957: "We just left the house for a minute... The hotter the fire, the cooler your head should be."

**IMAGINE!**  
**A CHAIR THAT HELPS**  
increase blood circulation!

**NIAGARA CYCLO-MASSAGE LOUNGE CHAIR**

This chair does! It comes "alive" inside with soothing, deeply penetrating action that's unlike anything else on earth. This is possible only because every Niagara Chair contains medically approved, clinically tested Cyclo-Massage units you can regulate at the turn of a dial!

Normally, when you sit or lie down, inactivity as well as the pressure against your body slows down circulation. This chair — the one and only Niagara Cyclo-Massage Lounge Chair — actually helps increase circulation. The Niagara Cyclo-Massage action inside — a combination of vertical, horizontal, and circular motion — helps relax tight muscles and taut nerves. This releases pressure from arteries and veins... allowing blood to circulate more freely in the area of application.

The Niagara Lounge Chair looks like a smartly designed quality piece of furniture... which it is. But the soothing massage action it provides makes it the world's "easiest easy chair." Whenever you sit in it you experience a wonderful feeling of relaxed well-being that words can't describe. So come in today and discover this blessing for yourself.

Niagara Cyclo-Massage Cyclo-Massage Action also in Niagara's beautiful Chaise Lounge and dual purpose Glide-Out Sleep Sofa.

Hear about Niagara Cyclo-Massage on ARTHUR GODFREY TIME, CBS RADIO NETWORK. See your local paper for time and station.

## Are you fire conscious?

- ( ) Do you regularly dispose of trash and rubbish?
- ( ) Do you keep the grounds around your house free of dead grass, weeds, trash and dried brush?
- ( ) Are your dust mops safely cared for and oily rags kept in safe metal containers?
- ( ) Do you keep your home tools, machinery, motors and appliances serviced and clean?
- ( ) Have you replaced all worn or frayed electric cords?
- ( ) Are your matches kept in a safe place and do you have plenty of ash trays?
- ( ) Is your roof covered with a fire retardant material?
- ( ) Do you co-operate with charity drives for paper and trash; salvage your cast-off clothing, furniture, etc., or contribute it to rummage sales?
- ( ) Do you have your chimney and heating system cleaned at least once a year?
- ( ) Do you invite your fire department to inspect your home periodically to help you spot fire hazards?

If you answer YES to all of these questions, YOURS is one of those clean, houses that "seldom burns!"
